

SHE Business Partner

The purpose of your role

Partnering Site Management Teams, helping to shape and implement Safety, Health & Environment (SHE) plans for the site/team that align to the Strategic SHE improvement plan and other local priorities.

The finer details

Which site am I based at?

- ♥ Cannington

Which team am I a part of?

- ♥ Safety, Health & Environment

Who do I report to?

- ♥ Senior Safety, Health & Environment Manager

Who do I look after?

- ♥ Cannington site SHE requirements

Team size?

- ♥ No direct reports

Do you have responsibility for a budget?

- ♥ No direct budget

To provide expert advice and guidance in relation to all operational SHE activity on Sites. Working with the Site Senior Management Teams (SMT) taking a collaborative, proactive and coaching approach to inspire the Site team in its delivery of SHE compliance and improvement.

What great looks like for this role

- ♥ Ability to quickly build strong relationships with senior business stakeholders as well as the SHE team, is a team player
- ♥ Collaborative in approach
- ♥ Delivery focused
- ♥ Strong communicating skills (written and verbal)
- ♥ Strong influencing skills and the ability to apply sound professional judgement
- ♥ Strong prioritisation and time management skills, with the ability to exercise appropriate autonomy
- ♥ Ability to think and work independently with a high degree of autonomy, but respecting the need for consistency across the sites
- ♥ Comfortable with ambiguity but strives to provide clarity
- ♥ A confident coach and mentor, you will be adept at upskilling managers to lead and manage their people
- ♥ Curious and questioning, you will ensure data is accurate and be happy to analyse and interpret data to inform decisions
- ♥ Commercial in approach with a good understanding of business and the operational and commercial impact of SHE initiatives
- ♥ Aligned to the Company's values and leadership principles
- ♥ Manage implementation of ISO 14001 accredited management system requirements on site.

Engagement and supporting change

- ♥ Support employee engagement processes by sponsoring the SHE Rep Consultative Committee, enabling effective engagement and consultation with employees regarding a range of safety & environmental matters.
- ♥ Mentor and coach SHE Reps to empower and engage them in SHE initiatives, procedural improvements and collaborative working practices.
- ♥ Liaison with Site Managers to understand pending production activity and operational support requirements to ensure successful, safe implementation/transition

Key responsibilities
