

Skilled Operator

job description

the finer details

Which site am I based at?

Which team am I a part of?

Who do I report to?

Who do I look after?

Team size?

Do you have responsibility for a budget?

the purpose of your role

You will work as an important part of a team supporting the production or supply chain team on the site you are based. Whilst ensuring a safe working area, you will undertake routine operational tasks, which may include operation of equipment, whilst following procedures/ instructions to support the production and delivery of our fantastic products to our customers.

You will support the delivery of daily KPI's and targets, ensuring high levels of efficiency and food safety standards, whilst working as part of our operations team.

Your responsibilities:

- Demonstrate a commitment to Health & Safety by working in a safe manner, role modelling our safety behaviours, challenging unsafe practices, rectifying unsafe conditions and escalating to other team members when support is needed.
- Active involvement and commitment to the quality management system, making sure all relevant controls and procedures are completed effectively to validate food safety controls and the products we make exceed customer and consumer expectations. Escalate any food safety breach or quality issue and ensure that any product below our standards is identified and held and the issues are escalated appropriately, resolved and released.
- Understands and adheres to good manufacturing practices and company standards of hygiene, PPE, and dress code. Practices a 'Clean as You Go' approach, maintaining workplace organisation and visual management standards.
- Effective operation of equipment to support the delivery of the highest quality of products.
- Support fault finding on equipment to identify and fix the root cause, escalating for support when required.
- Ensuring all equipment is properly cared for by the completion of effective cleaning and basic maintenance tasks.
- Works well as part of a team, playing an active part in team and business successes. Engages with the daily challenges and opportunities and works effectively with others to overcome.
- Work with site teams to ensure effective use of raw materials and resources, active involvement in improvement projects, activities and events aligned to the team and site objectives.

TOGETHER

AMBITIOUS

DISTINCTIVE

TRUSTED
